Revised July 2026

a message from our Founder Artistic Directors

A new semester is full of anticipation for all of us at Galmont Ballet, as many students of all ages enter our studios, some returning and some for the first time. Another school year begins.

We are fortunate not only to teach our students but also to inspire them as young dancers through music, movement, and classical ballet technique.

Many young children will have their onstage debut at our performing venues, their first bow, and the rush of hearing thousands applaud their accomplishments.

Our goal is to provide inspiration and education to all of our students in a healthy and positive environment. How proud we are to watch students thrive in dance and graduate from our School to perform with great dance companies and college dance programs around the world.

We are equally proud of those who may only study with us for a brief period. We hope during that time to share with them the rewards of an extraordinary art form.

We look forward to the coming year and welcome our students and families into our school.

All the best,
Frank Galvez and Lucia Montero

INTEGRITY * STANDARDS KNOWLEDGE * SUCCESS

We are committed to offering you the most professional experience in dance training. Our staff is professional and caring with your children, and we ask for the same respect from you. We only have your child(ren)'s best interests at heart and want to make sure you get the most out of your experience with us. Thank you for allowing us to work with your child(ren).

MISSION

We are committed to our responsibility to offer our students a caring and professional environment and to provide the highest level of dance instruction with an appropriate curriculum to children, teens, adults, and professional dancers, as well as performance opportunities.

PHILOSOPHY

Our academic and stylistic philosophy is based on traditional classical ballet techniques, with an influence on American rhythm and style. At Galmont Ballet Centre for Dance Education, Teachers and Students alike should regard the ballet class as a ritual to be treasured. They should undertake their activities in the classroom with the same serious, responsible, and disciplined demeanor with which professional dancers approach dancing in front of an audience.

*"Behind every dancer
who believes in
themselves is a teacher
who believed in them
first."*

about Galmont Ballet

"GALMONT BALLET CENTRE FOR DANCE EDUCATION REMAINS COMMITTED TO THE HIGHEST POSSIBLE STANDARDS OF EXCELLENCE, WHILE HAVING THE GREATEST RESPECT FOR THE INDIVIDUAL, AS A PERSON, AN ARTIST, AND A CREATIVE SPIRIT, QUALITIES OUR STUDENTS SHOWCASE IN EVERY ONE OF THEIR ACTIVITIES AND PRESENTATIONS".

Established in 2003 by international Ballet Master and Choreographer Frank Galvez, and international Ballet Mistress and Coach Lucia Montero, Galmont Ballet Centre for Dance Education has been providing quality ballet instruction to dancers of all ages and interests in Brevard County, offering a comprehensive ballet curriculum for children 5 years old and up, teens, and professionals. Here we share our passion for this beautiful art form so openly and sincerely. Our students' energy is inspirational. Our role as Directors has grown so has our inspiration. We are constantly reminded of how fortunate we are to share this art form with the young artists of tomorrow. Over the years, we have had the privilege to watch the remarkable growth and development of this school. Galmont Ballet Centre for Dance Education is the official training ground of the Galmont Youth Ballet Company, committed to the nurturing of new talent, providing an essential training ground for serious young dancers, producing exquisitely staged productions as well as presenting the best in contemporary choreography. At Galmont Ballet, we aim to give our students the best possible preparation, to enable them to achieve excellence in classical ballet, and provide a happy, caring, supportive, and professional environment. We also strive to introduce new audiences to the magic of ballet and to make the experience more available and accessible to all. Since 2008, we have been honored to present our performing season at The Historic Cocoa Village Playhouse as their official Resident Ballet Company, where our Artistic Director and Resident Choreographer Frank Galvez creates performances full of unexpectedness, rhythm, and thrilling dance, including our annual traditional holiday favorite The Nutcracker, for a stage that brings a feeling of intimacy to the relationship between the audience and the performers. We are also very proud of the collaborative relationship our organization has developed with other local cultural organizations, presenting several productions that offer the audience the beauty of ballet and live music combined. Galmont Ballet has also performed in different venues throughout our community since its beginnings. We have brought our magic to the stages of the Gleason Performing Arts Center, the King Center for the Performing Arts, the Scott Center for the Performing Arts at the Holy Trinity Academy, the Henegar Center for the Arts, the Waxlax Center for the Performing Arts in Vero Beach, the Melbourne Auditorium, the Eau Gallie Performing Arts Center, the Merritt Island Performing Arts Center, and the First Baptist Church in Merritt Island.

**"At Galmont Ballet, we also value the Brevard community and support many fundraising efforts sponsored throughout our locality. It is through community service that we can teach (and learn) the value of human kindness. We strongly believe that together, we can make a difference. This is the generation of dancers that can step up and make a change in human kindness and create positive attitudes for our future". These are the values Galmont Ballet strives to promote with each of our dancers...
We are more than just dancing!**

programs of study

BEGINNERS, 5 - 9 YEARS OLD

Starting at 5 years old. An introduction to ballet with the beginning development of ballet concepts, including turnout, coordination, spatial awareness, and a specific focus on class etiquette. Body alignment and muscle awareness will determine progress. This class also focuses on the positions of the arms, the direction of the body, and increased movement vocabulary.

Begins participation in full-length stage productions.

INTERMEDIATE, 10 - 14 YEARS OLD

This level is designed to provide students with an opportunity to continue their pursuit of the classical ballet technique with an emphasis on technical development and extended movement combinations. Depending on individual progression and development, students may be allowed to take pre-pointe and pointe classes. Class training becomes much more rigorous and strong mastery of pointe work. This class will pay attention to fine details, use of the upper body, breath of movement, and expression, as well as an increasingly advanced repertoire of steps.

ADVANCED, 15 - 18 YEARS OLD

An advanced ballet class focuses on refining technique, building strength and flexibility, and developing artistry and musicality. It incorporates more complex combinations, faster tempos, and longer exercises than beginner or intermediate levels. Students are expected to have a strong foundation in ballet vocabulary, proper body alignment, and a high level of technical proficiency.

HOME SCHOOLED

- Participating students are also required to purchase admission tickets to contribute to the success of such a production.
- Special time will be scheduled for rehearsals, and class time will be used for rehearsals when needed, as the practice is considered an important part of the dancer's training.
